### About OnDemand Energy Solutions:

Founded in 1995 in Pittsburgh, Pennsylvania, with the primary intent of helping our business customers manage energy needs both on the supply and demand side of the meter. Our staff is comprised of more than 40 energy experts offering over 250 years of combined experience in managing the complexities of energy supply, delivery and consumption and controlling the impact on your bottom line.

### About TriEagle Energy:

A pioneer in deregulated energy, TriEagle Energy has been a well-respected leader in the Texas retail energy industry for over a decade. Now backed by the proven strategy and financial resources of Crius Energy, TriEagle customers continue to benefit from this Better Business Bureau A+ rated company's strong value propositions and innovative products.
