One of the Blair County Chamber's most successful programs has begun the recruitment phase for its 2025 class. The Young Entrepreneurs Academy (YEA!) program makes it possible for twenty Blair County students to learn about entrepreneurship while

they actually build a business over a 25-week period. The program, in its ninth year, is open to grades 6-12. Classes begin October 1st of this year. For more information, email Tim Gildea at tpgildea@gmail.com. To apply for the program, visit www.yeausa.org.

Power Card Program Still a Great Way to Buy and Sell

If you represent a business looking for ways to save money on products and services and would also like to support the efforts of other Chamber-member businesses, the Power Card program is a great place to start. Assess Your Company's Sustainability Opportunities

Chamber businesses spend too much money unnecessarily on items related to sustainability. That's a fact. To offset those financial losses and to help those businesses operate more effectively and efficiently, the Chamber's Sustainable Blair County Committee

created a survey that paints an accurate picture of what factors might need addressed (and how much money might be saved!). That survey can be accessed on the Chamber website at www.blairchamber.com.
